

NO	Photo	Product name
1		<p>75G Standard type without pump: 5 stages: PP + UDF + CTO + RO + carbon T33 * 10 inches 2 white + 1 transparent filter housing; * 75G (FS-TFC RO membrane) * four way valve + manual flush * 3.2G plastic tank * Three fork silver faucet *Neutral color box</p>
2		<p>75G Standard type: 6 stages: PP + GAC + CTO + RO + carbon T33 + mineral T33; * 75G pump +24V1.5A adapter (European plug); * FS-TFC-75G RO membrane; * 10 inch 2pcs white +1pcs transparent filter housing; *3.2G plastic tank; *Three fork silver faucet; * four way valve; * Manual flush valve; * Neutral color carton.</p>
3		<p>75G Standard type: 6 stages: PP + GAC + CTO + RO + carbon T33 + 6WUV; * 75G pump +24V1.5A adapter (European plug); * FS-TFC-75G RO membrane; * 10 inch 2pcs white +1pcs transparent filter housing; *3.2G plastic tank; *Three fork silver faucet; * four way valve; * Manual flush valve; * Neutral color carton.</p>
4		<p>75G standard TDS type: 6 grade: PP + GAC + CTO + RO + carbon T33 + mineral T33; * 75G pump + 24V1.5A adapter (European plug); * FS-TFC-75G RO membrane; * 10 inches 2 white + 1 transparent filter housing; * 3.2G plastic tank; * Three fork silver faucet; * Solenoid valve; *TDS computer board display * Neutral color carton</p>

5		<p>75G Standard type: 7 stages: PP + GAC + CTO + RO + carbon T33 + mineral T33+6WUV; * 75G pump + 24V1.20A coil adapter (European plug); * FS-TFC-75G RO membrane; * 10 inches 2 white + 1 transparent filter housing; * 3.2G plastic tank; * Three fork silver faucet; * four way valve; * Neutral color carton.</p>
6		<p>75G bracket type: 5 stages: PP + GAC + RO + carbon T33 + mineralT33; * 75G pump + 24V1.5A adapter (European plug); * 75G RO membrane; * 10 inches 1 white + 1 transparent filter housing; * 3.2G plastic tank; * Three fork silver faucet; * Solenoid valve; * Small size pressure gauge * Neutral color carton.</p>
7		<p>75G bracket type: 6 stages: PP + GAC + CTO + RO + carbon T33 + 6WUV; * 75G pump +24V1.2A coil adapter (European plug); * FS-TFC-75G RO membrane; * 10 inch 2pcs white +1pcs transparent filter housing; *3.2G plastic tank; * Three fork silver faucet; * four way valve; * Manual flush valve; * Small size oil pressure gauge; * Neutral color carton.</p>
8		<p>75G bracket type: 6 stages: PP + GAC + CTO + RO + carbon T33 + mineralT33; * 75G pump +24V1.2A coil adapter (European plug); * FS-TFC-75G RO membrane; * 10 inch 2pcs white +1pcs transparent filter housing; *3.2G plastic tank; * Three fork silver faucet; * four way valve; * Manual flush valve; * Small size oil pressure gauge; * Neutral color carton.</p>
9		<p>75G bracket type: 7 stages: PP + GAC + CTO + RO + carbon T33 + mineral T33+6WUV; * 75G pump + 24V1.20A coil adapter (European plug); * FS-TFC-75G RO membrane; * 10 inches 2 white + 1 transparent filter housing; * 3.2G plastic tank; * Three fork silver faucet; * four way valve; * Neutral color carton.</p>

10		<p>75G bracket type: 7 stages: PP + GAC + CTO + RO + carbon T33 + mineral T33+6WUV; * 75G pump + 24V1.5Aadapter (European plug); * 75G RO membrane; * 10 inches 2 black + 1 transparent filter housing; * 3.2G plastic tank; *Three fork silver faucet; * four way valve; * Neutral color carton.</p>
11		<p>75G closed type: Stage 6: PP + GAC + CTO + RO + carbon T33 + mineral T33; * 75G pump +24V1.5A electronic adapter (European plug); * 75G RO membrane; *3.2G plastic tank; * Three fork silver faucet; * 24V solenoid valve; *LED computer control * Neutral color carton.</p>
12	  	<p>75G closed type: Stage 5: PP + GAC + CTO + RO + carbon T33 ; * 75G pump +24V1.5A electronic adapter (European plug); * 75G RO membrane; *9L regular temperature water tank (Built-in) ; * Three fork silver faucet; * 25V solenoid valve; *LED computer control * Neutral color carton.</p>
13		<p>75G automatic heating type: Stage 5: PP + GAC + CTO + RO + carbon T33 ; * 75G pump +24V1.5A electronic adapter (European plug); * FS-TFC-75G RO membrane; *1.5L hot water tank + 9L regular temperature water tank *Solenoid valve; * indicator computer control * Neutral color carton.</p>

14		<p>75G transparent shell type: 5 stages: integrated PP+GAC+CTO+RO+Carbon T33; * 75G pump +24V1.5A adapter (European plug); * 75G RO film; * Built-in 11L sink; * 24V water inlet solenoid valve; * Neutral color carton.</p>
15		<p>75G transparent shell type: 6 stage: integrated PP+GAC+CTO+RO+Carbon T33+6W UV; * 75G pump +24V1.5A adapter (European plug); * 75G RO film; * Built-in 11L sink; * 24V water inlet solenoid valve; * Neutral color carton.</p>
16		<p>400G large bracket type: Stage 8: (20 inches) PP + GAC + CTO + ROx4 + Big T33 *24V200G pump (2pcs) and 24V adapter (2pcs) *4 * 100G RO membrane and 1000CC current limiter *3 * 20" case (3 blue) *11.0G plastic water tank * Three fork silver faucet; *Yellow neutral box</p>
17		<p>400G box type: Stage 8: (20 inches) PP + GAC + CTO + ROx4 + Big T33 * 24V200G pump (2) + 24V adapter (2) * 4 * 100G RO membrane and 1000CC current limiter * 3 * 20" case (3 blue) * 11G plastic water tank * Three-pronged silver faucet; *Yellow neutral box</p>
