

MGC

2025

Mutlaq Al-Ghowairi Contracting Co.

MGC | Mutlaq Al-Ghowairi Contracting Co.

Is a closed joint stock company expanded over **(47 years)** to offer market with wide variety of contracting services with focus on Infrastructure for selected clients.

Our success is driven by commitment to deliver projects safely at best quality and strive serving our clients continues to advance organization into the future and enable us to give back to our community.

Vision

To be the leading Saudi company and the preferred partner in the infrastructure sector locally and globally, and to provide the highest value to our investors, customers, and community.

Mission

We implement, develop, and operate infrastructure projects with excellence and in accordance with the highest standards of quality, safety, and sustainability.

Strategy

The company aims to achieve its vision and mission to become the leader in construction services (Engineering, Procurement, and Construction “EPC”), and Operation and Maintenance (O&M) services in infrastructure projects for its key business segments in water, transportation, and urban development. through attaining the highest value to its customers, investors, and the community.

01

Increasing the company's revenues and expanding its business operations

02

Strengthening relationships with the company's strategic customers and suppliers.

03

Continuing to improve operational efficiency and commitment to the highest standards of quality, health, safety, and environment (QHSE).

04

Attracting the best administrative and engineering competencies and expertise specialized in the infrastructure sector.

Strengths and Competitive Advantages

The company has many strengths and competitive advantages that make it one of the leading companies in the infrastructure sector through construction, maintenance, and operation activities in the Saudi market which include:

1. Long-standing experience and a solid position in the infrastructure sector.

2. Distinguished and specialized capabilities in engineering management.

3. The strategic and distinctive relationships with subcontractors and suppliers.

5. A strong financial position due to the company's excellent financial management.

4. Qualified and experienced senior management.

Services Provided

Leader in the infrastructure EPC project

Operation & Maintenance:

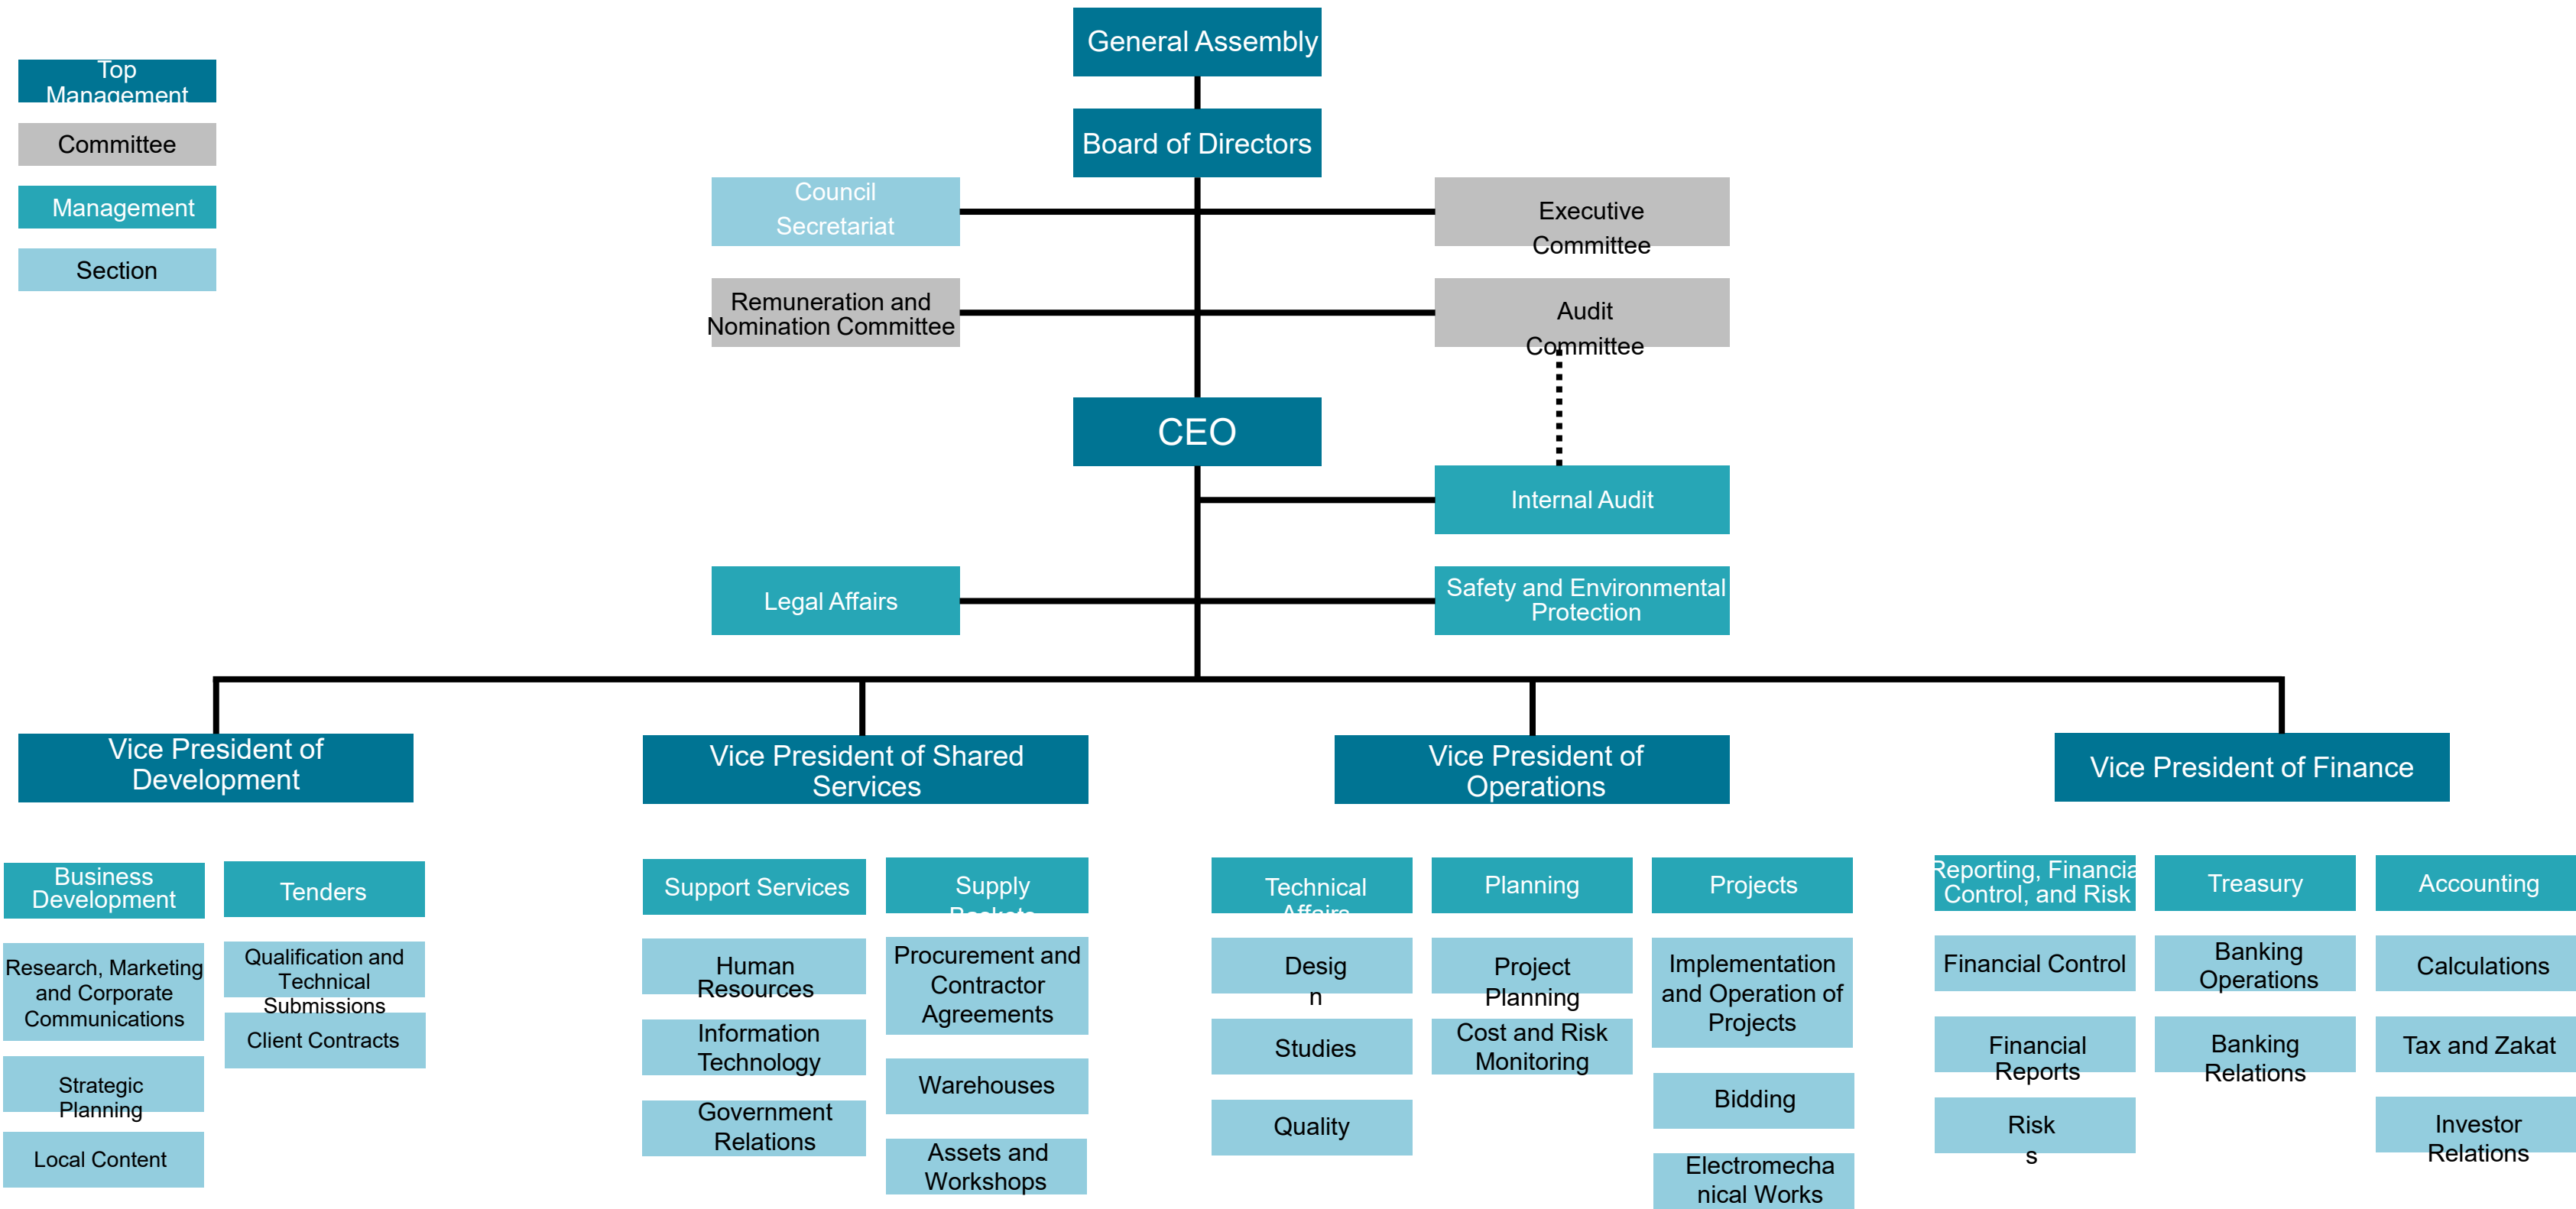

- Roads
- Water Utilities
- Mobilities

Engineering, Procurement, Construction:

- Roads
- Bridges & Tunnels
- Water Utilities.
- Mobilities.
- Environmental & Waste Management Facilities.
- Flood Control.
- Urban Development.

Completed Projects - Last 5 Years

List of road and flood projects completed during the last five years

NO	Project Name	Client	Contract value,	contract start	contract end	contract scope
1	Completing some roads in the twelfth group	MOT	283,768,000	22/7/2012	17/2/2019	Roads
2	Traffic safety equipment project to modify and improve surface intersections and dangerous areas on the road network for branches of the Ministry of Transport in the regions of (Mecca, Asir, Jizan, Najran, Al-Baha)	MOT	205,590,000	2/7/2019	1/5/2022	Traffic safety equipment project, modification and improvement of surface intersections and dangerous areas on the road network
3	Traffic safety equipment project to modify and improve intersections and dangerous areas on the road network for branches of the Ministry of Transport in the regions (Riyadh - Al-Qassim - Medina - Hail)	MOT	148,650,600	11/1/2018	30/9/2021	Traffic safety equipment project, modification and improvement of surface intersections and dangerous areas on the road network
4	project to implement a flood and rain water drainage network in the neighborhoods of (Mansoura, Al-Faisaliah, Al-Khalidiya, Al-Farouq, and Al-Sinaiyah) in Riyadh.	Riyadh Municipality	235,780,393	24/4/2013	25/3/2020	Implementing a flood and rainwater drainage network in the city of Riyadh
5	The first phase development project for the industrial city in Taif	Mudn	131,335,659	12/4/2019	12/3/2021	Establishing the infrastructure for a new industrial city
6	Construction of a tunnel at the intersection of King Fahd Road and King Khalid Road - Tabuk	MOMRA	95,465,000	16/11/2014	27/8/2018	Construction of a tunnel in Tabuk
7	Project to improve surface intersections in the regions (Qassim - Hail)	MOT	87,624,219	26/5/2019	22/4/2022	Road intersection improvement project
8	Operation, maintenance and cleaning project of the Makkah Al-Mukarramah / Medina Highway, Notification No. 15272, Contract No. 307	MOT	64,700,587	29/4/2018	28/6/2019	Implementation of protections, culverts and asphalt layer
9	Operation, maintenance and cleaning of Taif/Al-Baha roads, Project No. 15274, Contract No. 302	MOT	61,578,612	5/1/2018	18/6/2019	Implementation of protections, culverts and asphalt layer
10	Opening, paving and maintaining dirt roads in the Hail region	MOT	50,982,700	6/1/2016	16/1/2019	Asphalt, sidewalks and road lighting
11	Measures to protect against storm water and floods	SAR	50,000,000	2/2/2019	18/7/2020	Implementing concrete barriers, protections, and channels to protect train stations from the dangers of floods
12	Operation, maintenance and cleaning of Hada Al-Sham roads, Project No. 18522, Contract No. 311	MOT	48,587,459	25/7/2018	10/11/2019	Implementation of protections, culverts and asphalt layer
13	Khafji Port improvements and renovations project	SAC	47,538,762	19/8/2019	15/2/2020	Project improvements and fixes have been implemented
14	Operation, maintenance and cleanliness of the holy sites, new contract No. 305	MOT	44,135,774	16/7/2020	7/12/2022	Operation, maintenance and cleanliness

List of road and flood projects completed during the last five years

15	Operation, maintenance and cleaning of Al-Jouf - Hail roads, Contract No. 1304	MOT	38,895,000	14/4/2016	15/7/2019	Operation, maintenance and cleanliness
16	Operation, maintenance and cleaning of roads in northern Hail, Contract No. 601	MOT	33,950,000	14/4/2016	15/7/2019	Operation, maintenance and cleanliness
17	Contract for the operation, maintenance and cleaning of Taif Al-Baha Road, new contract No. 302	MOT	33,107,454	16/7/2019	6/12/2022	Operation, maintenance and cleanliness
18	Operation, maintenance and cleaning of Taif/Al-Baha roads, project report No. 29385, contract No. 302	MOT	32,050,260	21/5/2017	22/4/2018	Implementation of protections, culverts and asphalt layer
19	Operation, maintenance and cleaning of Taif/Al-Baha roads, Notice No. 38020, Contract No. 312	MOT	31,321,368	4/7/2020	10/1/2020	Operation, maintenance and cleanliness
20	Batha Port improvement and renovation project	SAC	30,975,000	19/8/2019	18/10/2019	Project to improve the routes of the port's shipping area
21	Operation, maintenance and cleaning of sacred roads, Contract No. 311, Notification 1907	MOT	30,869,452	31/8/2021	15/12/2023	Operation, maintenance and cleanliness
22	Operation, maintenance and cleaning of the Hoda Al-Sham Roads Project, Contract No. 311, new	MOT	29,818,425	16/7/2021	8/12/2022	Operation, maintenance and cleanliness
23	Opening, paving and maintaining dirt roads in Mecca	MOT	25,000,000	3/7/2016	2/6/2019	Opening, paving and maintaining dirt roads
24	South Hail Road Operation, Maintenance and Cleaning Project, Report No. 29060, Contract No. 604	MOT	23,328,958	18/3/2015	17/8/2018	Opening, paving and maintaining dirt roads
25	Operation, maintenance and cleaning of sacred roads, Contract No. 305, Notification 1901	MOT	21,720,164	21/8/2021	21/8/2022	Opening, paving and maintaining dirt roads
26	Operation, maintenance and cleaning of Al-Jawf / Hail roads, Project Report No. 5532, Contract No. 1304	MOT	20,955,200	13/10/2018	30/11/2019	Opening, paving and maintaining dirt roads

Completed water projects during the last five years

NO	Project Name	Client	Contract value,	contract start	contract end	contract scope
1	Implementing a water transportation system on the West Coast (NEOM)	SWCC	873,304,050	14/2/2019	13/3/2020	Design and implementation of a water transmission line with a diameter of 48 inches and a length of 108 km - a pumping station of 125,000 m3/day - 5 tanks with a capacity of 170,000 m3
2	Design and Execution the second phase of treated water transmission lines to the project king abdullah for waad al shamal city development - pipe line between Arar and waad al shamal.	NWC	750,681,094	4/07/2017	11/12/2021	Supplying & installing GRP pipe line DN 1200 mm length 140,800 m - GRP pipe line DN 1400 mm length 55,226 m -Execution of Arar booster pumping station 302 - Arar-WAS booster pumping stations 401 - 501- 601- Turaif WTP pumping station 701
3	Deliver desalinated water to Al-Kharj	NWC	527,790,259	22/04/2014	20/11/2021	Supplying & installing ductile pipe line PN40 1100 Dia length 51,800 m and PN25 1200 Dia length 99,570 m
4	Design and Execution the first phase of treated water transmission lines to the project king abdullah for waad al shamal city development - pipe line between Arar and Sakaka.	NWC	565,107,421	4/07/2017	10/07/2021	Supply and install GRP Pipe line DN 900 mm , 105,000 m length - carbon steel Pipe line with coating/lining DN 914 mm , 54,500 m length - Execution Sakaka - Arar booster pumping station - WTP Arar - Arar booster pumping station 301- Sakaka pumping station N.O. 201
5	King khaled military city feeder water transmission system at Hafr AL-Batin	SWCC	348,000,000	2019-7-22	2023-3-21	Supply and install carbon steel Pipe line with coating/lining DN 44" class, 80,000 m length - construction Pumping Station at Hafr Al-batin Reservoir Station
6	Abha Water Transmission System	SWCC	299,950,000	3/01/2021	2/12/2022	Supply and install carbon steel Pipe line with coating/lining DN 56"&36" class, 58,000 m length - construction Pumping Station
7	Central drinking water supply project for the city of Tabuk and the coastal towns and villages	NWC	217,827,220	8/02/2012	2/12/2020	Supplying & installing ductile pipe line DN 700 mm, length 40,000 m & DN 600 mm, length 50,000 m & DN 500 mm, length 70,000 m - Construction of 2 underground water tanks 2500 m3 - pump station - about 5 buildings
8	Sewage pipe line from Al-Hawiyah to Taif North treatment plant	NWC	197,000,000	19/02/2018	24/10/2021	Supplying & installing RCP pipe line DN 2500 mm, length 18,250 m - Supplying & installing RCP pipe line with micro tunneling DN 2500 mm, length 30,000 m - about 3 plantation - 137 manholes
9	Construction of Strategic Water Reservoir (1.0 Million m3) Salboukh	NWC	172,800,000	2021-3-18	2023-4-30	Complete 6 Strategic Water Reservoir (1.0 Million m3) Salboukh - Complete C.S pipe line 1400 and 1200 mm - Chlorination Station Building - Operation & Control Building / Pump House - Guard Room and Electrical Room - Administration and SCECO Building
10	Reservoirs and water network diagrams at Batha Quraish and Awali Contract No. (12a & 12b) in Makkah	NWC	126,950,000	5/02/2013	25/3/2018	Supplying & installing ductile pipe line DN 500 mm, length 4,250 m & DN 600 mm, length 2,450 m & DN 400 mm, length 3,650 m - DN 300 mm, length 7,500 m-DN 250 mm, length 9,050 m-DN 200 mm, length 40,800 m - steel tank - chlorian building
11	Developing a Buraydah Purifier Station - Phase 2	NWC	98,357,490	13/02/2018	21/1/2021	excavation, backfilling and lining of ponds - Construction of roads between ponds - Establish a temporary storage for solid waste - Development of ventilation processes in the primary treatment line
12	Design and Execution of Al shreef water tank at Taif contract No. (2B-H)	NWC	85,405,000	11/01/2018	14/09/2021	Two steel tanks 50,000 m3 - 16,000 m2 road works - admin building - Chlorine building - Energy building
13	Water pipe line to Al Taif airport	NWC	70,980,350	31/05/2018	24/10/2021	Supplying & installing ductile pipe line PN16 500 mm Dia length 32,180 m, 700 mm Dia length 3,470 m, 1000 mm Dia length 555 m

Completed water projects during the last five years

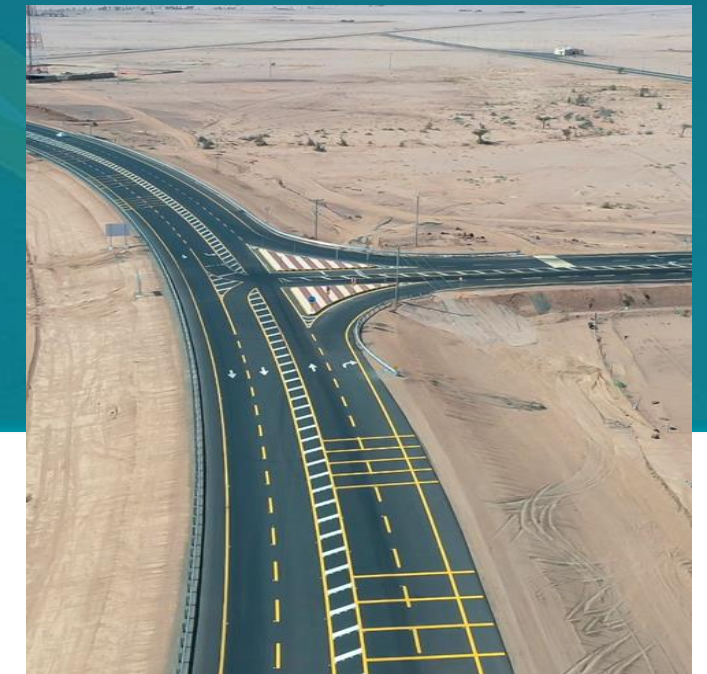

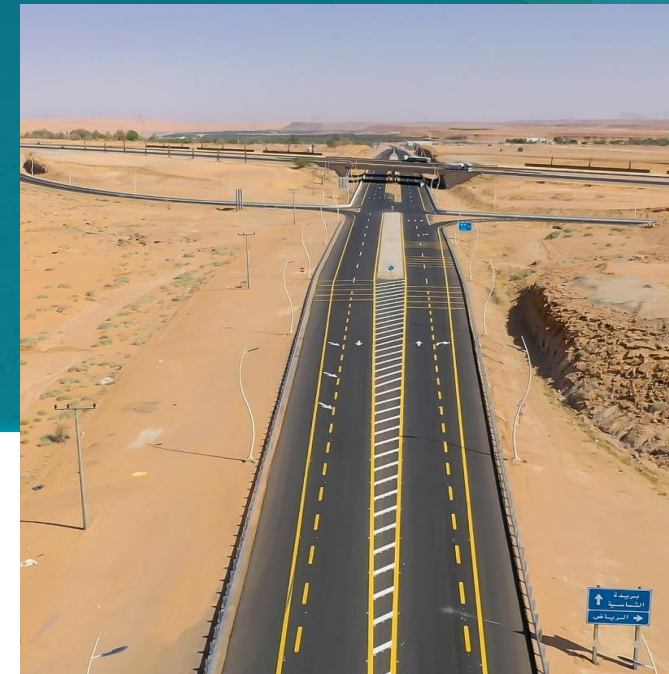

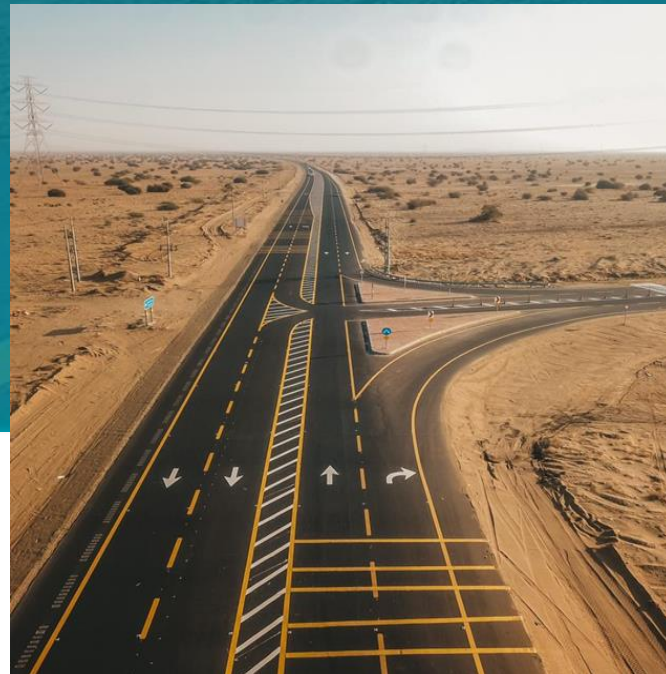

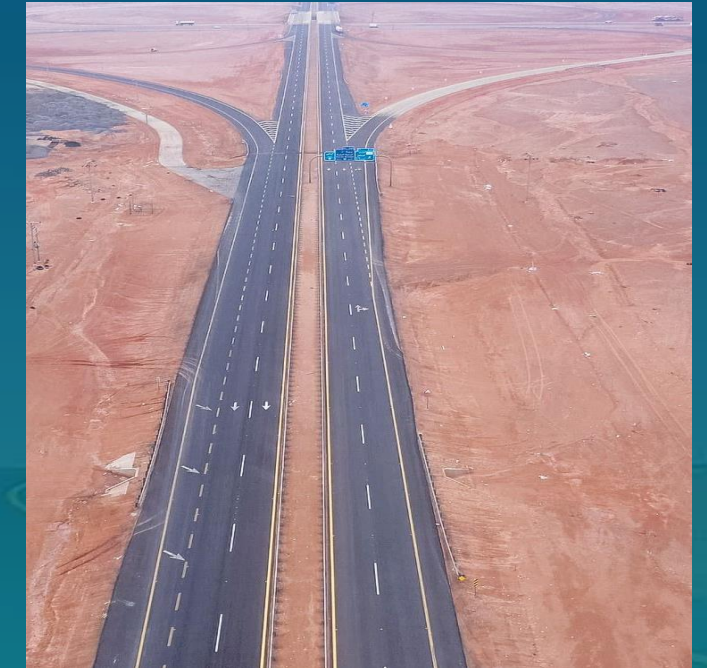

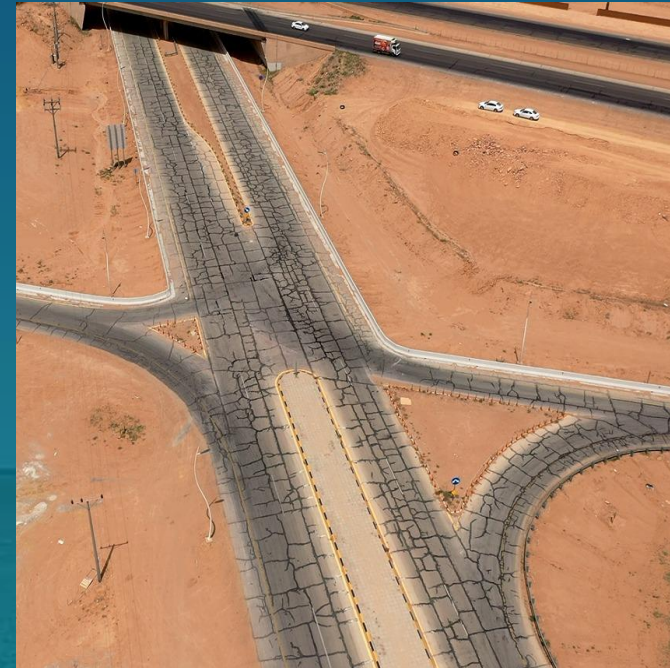

14	Reuse of treated wastewater in Buraydah	NWC	69,725,250	18/07/2019	2023-3-25	HDPE networks - external fence - lake works - pump station - energy building
15	Water pipe line (Hawia - Radwan) No. 5A	NWC	68,672,000	30/04/2015	17/4/2019	Supplying & installing ductile pipe line PN16 400 mm Dia length 84,400 m, 500 mm Dia length 31,000 m
16	Water networks at Taif contract No.4	NWC	66,120,000	28/12/2014	19/4/2020	Supplying & installing ductile pipe line at different diameters - networks - house connections - asphalt works
17	Establishing various household drinking water networks and connections in Al-Qassim	NWC	61,999,857	11/02/2018	17/04/2021	Supply and installation of ductile lines of different diameters - water network works - home connections - asphalt works
18	Contract for implementing the drinking water line conveying to the Rahmaniyah reservoir in Taif, Contract (1A-H)	NWC	61,990,000	24/1/2019	22/8/2021	Supply and installation of carbon steel water lines of different diameters - water network works - home connections - asphalt works
19	Water pipe line from Al shreef water tank to Hawia at Taif	NWC	47,025,000	11/12/2016	12/10/2018	Supplying & installing ductile pipe line at different diameters - networks - house connections - asphalt works
20	Main Water pipe lines at Al seel road at Macca	NWC	46,850,000	13/12/2016	11/05/2021	Supplying & installing ductile pipe line at different diameters - networks - house connections - asphalt works
21	Construction of water tank No. 7 at Qassim	NWC	44,715,314	21/08/2019	10/03/2022	Construction of water tank - networks - house connections - asphalt works
22	Water networks at Hawia at Taif contract No (2Y-H)	NWC	44,100,000	24/05/2018	18/05/2020	Supplying & installing ductile pipe line at different diameters - networks - house connections - asphalt works
23	The second phase of the strategic water in Riyadh, contract No. 4A	NWC	43,672,400	22/6/2016	31/12/2020	Supplying & installing ductile pipe line at different diameters - networks - house connections - asphalt works
24	Operating and maintaining toilets in Arafat, Makkah	NWC	32,846,520	13/02/2016	12/12/2019	Maintenance of Arafat toilets
25	Sewage pipe line from contract 14-15 to north Taif treatment plant	NWC	32,200,000	19/02/2018	27/7/2020	Supplying & installing RCP pipe line - micro tunneling - manholes
Total completed water projects			4,954,069,224			

Ongoing Projects (24 projects worth 8,152,070,288.82 SAR)

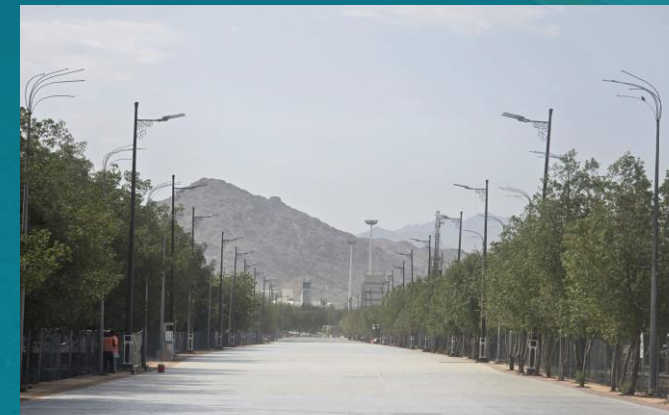

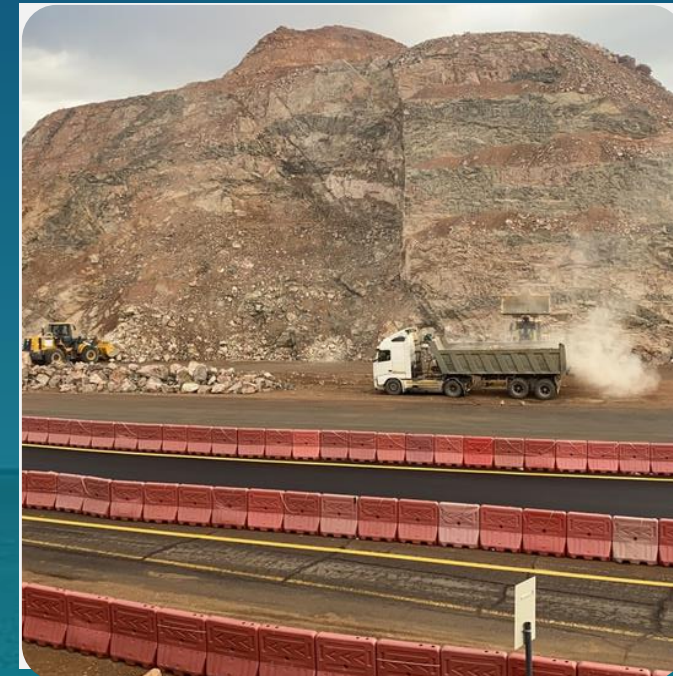

S.N	Project Name	Project Location	Type of Project	Client	Contract Value (SAR)	Contract Start	Contract Finish	Works Description
1	Water Transmission System from Al Bada'a Main Reservoir to Lower Mountain and Visitor Center Reservoirs	from Al Bada'a to Visitor Center Reservoirs	Treated Water Projects (WTS)	NEOM	1,430,000,000.00	December 25, 2022	December 24, 2024	82 Km Carbon Steel Pipeline DN1000, Capacity 96 MLD, 25 Km DN150 Carbon Steel Pipeline, Capacity 96 MLD, 2 Lower Mountain Pump Stations Capacity 96 MLD each & 2 Visitor Center Pump Stations Capacity 1MLD each, 1 Back Pressure Tanks Capacity 5ML, 1 BPT Capacity 0.1ML, and 1 Reservoir Capacity 1ML
2	Moghamas water transmission systems	Makkah Al Mokaramh	Treated Water Projects (WTS)	SWCC	1,216,198,861.00	June 7, 2022	June 6, 2024	Supplying & installing carbon steel pipe line with different diameters 155 km length
3	Rayis - Yanbu Water Transmission System	Yanbu	Treated Water Projects (WTS)	DOOSAN / SWPC	804,000,000.00	May 10, 2021	July 1, 2024	EPC (Potable Water Storage Tank, Pumping Station, Water Transmission Line) to build, Construction of Stations PS Rayis and Extension PS1-D, Desalinated Water Storage Tanks: 170,000 m3 x 4 tanks (D=106.0m each) and pipeline : 1 x 84" / ~39.5 km
4	Water Transmission System from Gayal to Al Bada'a Reservoir and Magna Break Pressure Tank (BPT)	from Gayal to Al Bada'a	Treated Water Projects (WTS)	NEOM	784,800,000.00	December 25, 2022	December 24, 2024	45 Km Carbon Steel Pipeline, Capacity 95 MLD, DN1000, 3 Lower Mountain Pump Stations Capacity 95 MLD & 2 Visitor Center Pump Stations Capacity 1MLD each, 3 Back Pressure Tanks Capacity 5ML, 2 BPT Capacity 0.1ML, and 1 Reservoir Capacity 1ML
5	Khobar - Hofuf Water Transmission System Phase-2	Khobar - Hofuf	Treated Water Projects (WTS)	SWCC	747,000,000.00	April 10, 2022	October 10, 2024	Supplying & installing carbon steel pipe line 80" Dia 135.3 km & 24" 18.3 km - construction of Khobar Pump Station - Abqaiq Tie-In Station - Oyoum Tie-In Station - Construction Works, Supply and Installation of all Equipment for Terminal Station Hofuf including 2 x 170,000 m³ Tanks
6	Water Transmission System for North Jeddah Tanks	Jeddah	Treated Water Projects (WTS)	SWCC	283,000,000.00	August 23, 2021	July 22, 2024	Supply and install carbon steel Pipe line with coating/lining DN 80" class, 22,600 m length - Construction of vent, drain and wash out stations - Construction of Tap-off and Tanks Stations
7	Buraydah 2 ISTP - TSESF Special Facilities	Qassim	Treated Water Projects (WTS)	ACCIONA AGUA - Tawzeaa - Tamasuk / SWPC	239,082,000.00	March 3, 2022	July 4, 2024	Treated sewage effluent special facilities consist of 3 Reservoir areas with 6 Reservoirs (each capacity 25,000 m3) and transmission pipeline diameter D 1600mm, length about 34 kms
8	Madinah 3 ISTP - TSESF Special Facilities	Madinah	Treated Water Projects (WTS)	ACCIONA AGUA - Tawzeaa - Tamasuk / SWPC	230,716,500.00	March 3, 2022	April 11, 2024	Treated sewage effluent special facilities consist of 3 Reservoir areas with 6 Reservoirs (each capacity 33,333.34 m3) and transmission pipeline diameter D 1800mm, length about 25 kms
9	Design and construction of water pipelines (400-2000 mm) from the northern reservoir to Al-Haramain Road in Tayeba district along Rahmanyah, Al-Falah and Al-Bashair	Jeddah	Treated Water Projects (WTS)	NWC	222,750,000.00	April 27, 2022	April 26, 2025	Supply and installation of carbon steel pipeline with a diameter of 2000 mm and a length of 18 km
10	Construction of TSE Network for Green Riyadh Program – Group Four	Riyadh	Treated Water Projects (WTS)	Royal Commission for Riyadh City (RCRC)	210,667,000.00	June 23, 2023	June 22, 2024	2 Carbon Steel Pipelines, 7.53 Km PM100 Pipeline, 4.235 PM2000 Pipeline, DN1800, Overall Capacity 51,020 m3/day
11	Establishment of feeding line No. 2 in Qassim	Qassim	Treated Water Projects (WTS)	NWC	174,748,219	October 1, 2021	October 7, 2024	Supply and installation of carbon steel pipes, 1,500 mm diameter, 57,500 m long, 1,200 mm diameter, 14,750 m long, and 1,000 mm diameter, 15,278 m long - horizontal hole
12	Tabuk 2 ISTP - TSESF Special Facilities	Tabuk	Treated Water Projects (WTS)	ACCIONA AGUA - Tawzeaa - Tamasuk / SWPC	143,516,500.00	March 3, 2022	April 7, 2024	Treated sewage effluent special facilities consist of 2 Reservoir areas with 4 Reservoirs (each capacity 22,500 m3) and transmission pipeline diameter D 1200mm, length about 28 kms
13	Supply of the third circular at Kakia area	Makkah	Treated Water Projects (WTS)	NWC	55,000,000.00	April 28, 2022	April 27, 2024	Supply and installation of ductile pipeline 16 bar, diameter 1000 mm, length 3,750, diameter 1400 mm, length 1,750, diameter 1600 mm, length 100 m

Ongoing Projects (24 projects worth 8,152,070,288.82 SAR)

14	Maintaining and raising the quality of the road network, safety and traffic in the city of Riyadh, the northern sector	North of Riyadh	Road	Riyadh Mnicipality	1,078,722,059.00	March 1, 2024	April 1, 2029	Curative and preventive maintenance works for asphalt - painting works - soil maintenance - sidewalks - safety sign.
15	Maintenance of Medina / Makkah Al-Mukarramah Performance Contract No. (404)	Medina	Road	MOT	111,617,338.00	December 1, 2022	December 1, 2025	It mainly aims to achieve the required service levels for roads and maintenance centers
16	Maintenance of the performance of the roads of the Holy Sites, Contract No. (305)	Mecca	Road	MOT	82,454,438.34	December 1, 2022	December 1, 2025	It aims primarily to achieve and maintain the levels of service required for roads, maintenance centers and everything related to that by the contractor, while allowing him full will to identify and manage the resources necessary for that.
17	Maintenance of the performance of Buraidah - Hail - Shari - Al-Asiyah roads, Contract No. (504)	Buraidah - Hail	Road	MOT	79,358,045.40	December 1, 2022	December 1, 2025	The contract contains: 1. Single roads length: (1199 km) , 2. Dual roads length: (117 km) 3. Highways length: (167 km) , 4. Oqab roads with a length of: (78) km within the single roads
18	Maintenance of Makkah Al-Mukarramah - Taif - Al-Baha roads, Contract No. 302	Taif	Road	MOT	71,364,421.62	December 1, 2022	December 1, 2025	The contract contains: 1. Single roads length: (1098 km) - 2. Dual roads length: (141 km)
19	Maintenance of West Hail Roads Contract No. (603)	Hail	Road	MOT	67,458,168.36	December 1, 2022	December 1, 2025	It mainly aims to achieve the required service levels for roads and maintenance centers, The contract contains: 1. Single roads length: (1101 km) , 2. Dual roads length: (98 km) 3. Highways length: (137 km) , The contract contains four maintenance centers: A- Al-Sanina Maintenance Center
20	Maintenance of the performance of the Makkah Al-Mukarramah - Taif - Al-Baha roads, Contract No. 302 - Work Order 68334	Taif	Road	MOT	96,658,061.20	June 1, 2023	February 1, 2024	The Work Order contains:1- scraping and re-asphalting works with a thickness of (10) cm for the truck paths and adding an asphalt surface layer with a thickness of (5) cm for the paths (1,2,3) with shoulders on the Makkah/Taif/Riyadh road with a length of (36) km.
21	Maintenance of the roads of the Holy Sites, Contract No. 305 - Work Order 31281	Taif	Road	MOT	61,514,681.81	December 1, 2023	June 1, 2024	It mainly aims to achieve the required service levels for roads and maintenance centers, The Work Order contains: Clearing and re-asphalting in various locations on Road No. 15 in both the main and reverse directions
22	Maintenance and performance of the roads of Medina - Makkah Al-Mukarramah, Contract No. 404 - Work Order 31309	Mecca	Road	MOT	28,528,045.43	December 1, 2023	June 1, 2025	It mainly aims to achieve the required service levels for roads and maintenance centers, The Work Order contains: Repairing the road by scraping and re-asphalting with a thickness of 5 cm, implementing a hot asphalt mixture, and implementing safety measures.
23	Maintenance of Buraidah - Shari - Hail - Al Asyah Roads Contract No. 504 Work Order 31038	Buraidah	Road	MOT	9,950,852.94	December 1, 2023	October 1, 2025	It mainly aims to achieve the required service levels for roads and maintenance centers, The Work Order contains: Clearing and re-asphalting, while implementing the necessary safety measures
24	Maintenance of West Hail Roads, Contract No. 603 - Work Order 31278	Hail	Road	MOT	5,419,535.26	December 1, 2023	October 1, 2024	It mainly aims to achieve the required service levels for roads and maintenance centers, The Work Order contains: Scraping and asphalting 7 cm from mark 000+311 to 000+312, from mark 000+331 to 000+332, and from mark 339+600 to 800+340 in the opposite direction, with detours and safety factors, in addition to animal traps on the Hail / Medina road
